CONSOLIDATED COOKING

Make the most of your efforts in the kitchen by cooking extra. Serve half tonight and save the other half for another meal or freeze for future meals. Here are some ideas for how to use rice or whole grains, eggs, beans, fish and chicken as a base for many meals.

Beans & Soy

- Serve as a side dish
- Use as a base for stir-fry
- Add to soup
- Add to salad
- Add to a whole-grain or pasta dish
- Purée into a spread
- Purée for "refried" beans, use for
  - Tacos
  - Tostadas
  - Taco salad
  - Burrito filling

Eggs

- Frittata
- Scramble
- Egg salad
- Omelet with your favorite veggies
- Hard cook extra and add to green salads, make egg salad or eat as snack

Fish & Poultry

(Baked, roasted or grilled)

- Serve as an entrée
- Shred and add to barbeque sauce for burger or wrap filling
- Add to salad
- Use for fajita filling
- Add to stir-fried veggies
- Shred for burrito filling
- Add to whole grains or pasta
- Slice for sandwiches
- Add to soup
- Cook a double batch and freeze half

Rice or Whole Grains

- Serve as an entrée with sauce and veggies
- Use as a base for stir-fry
- Mix with beans for burrito filling
- Add to soup
- Make rice pudding
- Serve as a side dish
- Toss with olive oil and garlic for a side dish
- Make a cold whole-grain or pasta salad. Toss with sun-dried tomatoes, artichokes, olives, mozzarella and basil, dress with olive oil vinaigrette

APPLE CHIA SEED PUDDING

Time: 30 min or overnight | Difficulty: Easy | Serves:6 ¼ cup servings

This is such a versatile recipe! Use whatever kind of milk or juice you have on hand or prefer. You can even use brewed tea or cold brew coffee if you like! Mix with any spices you prefer, or use chopped fresh herbs such as mint. Make this pudding at least 30 minutes ahead of time - takes just a couple of minutes to mix up - and the chia seeds will expand. At that point you can keep it in the refrigerator for up to 4 days.

INGREDIENTS

1 cup Milk, Almond, Plain
1/4 cup Juice, Apple, Org.
1 tsp Extract, Vanilla
1/2 tsp Cinnamon, Ground
1/3 cup Seeds, Chia

INSTRUCTIONS

1. Whisk together almond milk, apple juice, vanilla, and cinnamon until smooth.
2. Add in chia seeds and whisk together (seeds will settle to bottom- every few minutes keep whisking until they start to expand)
3. Place in the refrigerator overnight.
4. Small dice apple to garnish.

ARTISAN WHEAT BREAD

Time: 24 hrs active time 30 mins | Difficulty: Moderate | Serves: makes 1 loaf 13 slices

A classic "no-knead" sourdough bread that can work around your schedule. Start it the day before and let the dough rise overnight in the fridge. The easiest and most delicious, nutritious bread!

INGREDIENTS

200 g whole wheat flour (or any heirloom whole grain flour)
120 g high extraction flour (or use 60 g more whole wheat/60 g more high gluten flour)
80 g high gluten/ bread flour
100 g starter
292 g warm water
10 g salt

INSTRUCTIONS

1. Combine warm water & starter; starter should float if it's ready to make bread
2. Add flours & bring dough together, 4-5 minutes of gentle turning with a bowl scraper. Add salt and mix until just incorporated. Rest 30 minutes, then fold dough by pulling one corner out gently and folding it back into the middle, turning the dough and repeating until you have done the full circle of dough (4-5 folds). Wait 15-30 mins and repeat the folding process 2-3 more times, checking consistency/tightening of the dough. Rest 1 hour then shape dough. Prepare molds with a napkin, rice flour to dust. Place shaped bread in the napkin and cover. Put in fridge overnight.
3. The next day, pull out bread to come to room temp. Meanwhile, heat Dutch oven to 500F. Place dough in Dutch oven and cover 20 minutes. Remove cover and bake another 15-20 minutes.

Feeding the Sourdough Starter

25 g starter
40 g flour
60 g water

Feed the starter every time that you want to use it. If it hasn't been used in a while, take it out of the fridge a couple of days before you need it and feed it once a day to reactivate it. Starter can go for months without being used, but the more it's used, the more active is will be and the lighter your bread will be!

FEEDING THE SOURDOUGH STARTER

Time: 5 minutes | Difficulty: Easy

Sourdough does need to be used occasionally, and each time you use it you need to save some back and "feed" it fresh water and flour to keep the bacteria happy & fermenting. If you don't use your starter for a while, pull it out a few days before you want to use it again, do this feeding process once a day for a couple of days to reactivate the starter. If the starter has developed a gray film on top, just scrape off that layer and use what's underneath to feed and keep the starter going...indefinitely! The more you use and feed the starter, renewing the fermentation, the lighter and more active your bread will be.

INGREDIENTS

1/4 cup (50 g) starter
1/2 cup (75 g) flour
1/3 cup (100 g) water

INSTRUCTIONS

1. Mix together the ingredients and place in a clean container. If you're planning on using the starter the same day, or are reactivating the starter after a long dormant period, you can leave out on the counter. Otherwise, store it in the fridge.
2. Feel free to divide the starter and feed a part of it another kind of flour, such as rye or einkorn, so you have different starters for different breads!

SOURDOUGH DISCARD EINKORN CRACKERS

Time: active time 30 mins | Difficulty: Moderate | Serves: makes 40 crackers

INGREDIENTS

½ c (70g) all-purpose einkorn flour (or all-purpose flour)
½ c (70g) high-extraction flour (or whole wheat flour)
200 g sourdough starter
4 tablespoons (55g) melted butter (or 3 T olive oil for vegan)
1 teaspoon (5g) salt

NUTRITION INFORMATION

per serving 2 crackers

35 calories

5 gm carb
1 gm. protein
1 gm. fat
1 gm. fiber
45 mg. sodium

Nutrition may vary depending on ingredients used.

INSTRUCTIONS

1. 1. Preheat oven to 400°F.
2. 2. In medium mixing bowl, combine all ingredients and then knead together to a smooth dough.
3. 3. Divide dough into 4 balls. Let dough rest 10-15 minutes, covered. Roll out each ball separately into a wide circle between 2 sheets of parchment paper to get very thin. Removed top sheet of paper, prick the dough all over with a fork and use a chef's knife to cut like a pie into 16 triangles (no need to separate the triangles; they won't expand as they bake). Slide parchment onto a baking sheet and bake crackers 10-12 minutes until nicely browned.

SOURDOUGH DISCARD CHOCOLATE CHIP COOKIES

Time: active time 30 mins | Difficulty: Moderate | Serves: makes 60 cookies

INGREDIENTS

185 gm. unsalted butter, browned & cooled slightly
200 gm. sugar
200 gm. brown sugar
3 egg yolks
5 gm. vanilla extract
240 gm. sourdough starter
380 gm. all-purpose flour
4 gm. baking powder
3 gm. baking soda
2 gm. sea salt
500 gm. chocolate chips

NUTRITION INFORMATION

per serving 1 cookie

129 calories

17 gm carb
2 gm. protein
6 gm. fat
1 gm. fiber
43 mg. sodium

Nutrition may vary depending on ingredients used.

INSTRUCTIONS

1. Heat oven 375 F (when ready to bake; dough can rest in fridge or freezer for better texture/spread)
2. First make the browned butter. You have to start with more butter to end up with 185 grams, since there will be evaporation of the water in the butter and the removal of the milk solids: melt butter and boil over medium/high heat until it melts, bubbles, and then foams. Keep an eye on it after this point so that it doesn't burn. Remove from the heat when it is golden and smells toasty. Let cool, then weigh 185 g. You can save any extra in the fridge for next time.
3. Mix flour, baking soda, baking powder together in medium bowl with a whisk.
4. In a large bowl, whisk melted butter, sugars and vanilla. Whisk in the eggs. Whisk in the starter. Stir in dry mixture and whisk briskly for 45 seconds. Add the chips. At this point you can let the dough rest/chill in the fridge for 1-2 hours or overnight (can also form into logs and freeze). Scoop teaspoon-size rounds.
5. Line baking sheets with parchment paper. Space rounds 1 inch apart on baking sheets. Bake 8-12 mins until just firm to the touch.

Baking with Heirloom Grains for Flavor & Nutrition

We may have many reasons to want to avoid modern wheat or gluten in baking: allergies, intolerances, high blood sugar, concerns with the raising and production of wheat/flour. One commonality though, is true: all-purpose, white flour has very limited flavor and nutrition. It also, however, is the base of many of the recipes for our favorite things to eat! How do we balance our desire to eat the delicious and comforting wheat-filled things so many of us grew up enjoying with a desire to limit wheat in our diets? Using traditional, original, grains (often referred to as "landrace" or heirloom wheats) in your baking is a win-win-win: Better for health, more delicious and complex results, and often better for the planet, as well, with less chemical intervention and irrigation needed for the growth of these hearty, ancient grains. The good news is that baking for flavor and nutrition with heirloom grains is easier and better than ever; there are great online sources for whole and milled grains, many of which have not been commercially available for decades and are now being cultivated. This is our chance to bake with original, healthy, and delicious heirloom grains and bring them back from the brink of extinction in the process!

Kernza (or **Climate Smart** Blend from King Arthur Flour) – Our current industrialized agriculture practices have massive carbon footprints. From tilling, fertilizers, herbicides, pesticides, soil erosion, machinery, transportation, and more, large-scale agriculture emits a significant portion of the greenhouse gas (GHG) emissions warming the planet. Kernza has 18 grams of fiber and 19.2 grams of protein per 100 grams (to compare, wheat has 10.8 grams of fiber and 9.2 grams of protein). It's not gluten-free, but it has less gluten than wheat. Kernza has a sweet, nutty flavor and can be used as a whole grain, ground into flour or malted.

Spelt – Spelt is one of the oldest cultivated crops in human history and is believed to have first been used approximately 8,000 years ago. Spelt is a variety of grain or cereal that is closely related to wheat. In fact, spelt likely developed from hybridization of emmer wheat and wild goat-grass. Spelt is also packed with nutrients that many other kinds of cereal do not contain. It is high in carbohydrates, as you would expect, but is also known to be notably high in protein levels (21% of the daily recommended intake per portion) and its levels of dietary fiber (30% in a single serving!) are known to be very impressive. On top of those important compounds, spelt may also contain significant levels of iron, manganese, magnesium, phosphorus, potassium, zinc, selenium, niacin, thiamin, vitamin B6, and folic acid.

Kamut The commercial name for Egyptian/Iranian "golden" khorasan wheat which has a delicious buttery, nutty flavor, chewy texture, and increased digestibility. Kamut is distinguished by its larger size and its rich, unique flavor. It also contains more protein, lipids, amino acids, vitamins, and minerals compared to modern wheat. It is extremely high in fiber, more than double brown rice, for example, so aids in a variety of our bodies functions.

Rouge de Bordeaux – Rouge de Bordeaux is a heritage bread wheat that is high in protein and was a favorite of French bakers in the 19th century. Named after its region in France, Rouge de Bordeaux wheat has a rich, nutty aroma and is high in protein, making it an excellent option for baking bread. Supposedly this was the wheat Napoleon fed his armies as they marched through Europe.

Einkorn – Over 10,000 years old, Einkorn is the food of our ancestors and the oldest wheat known to scientists. It's a slender, petite grain, and far less genetically complex than bread wheat. It fell out of favor because of an extra casing around its seeds called a hull, which can be difficult to remove, but has grown in popularity in its revival as it doesn't have the D chromosome which seems to be connected with wheat intolerance in many humans. Though it has a "weaker" gluten, on its own or combined with other flours it can make delicious, hearty, and sustaining breads. When used in pastries, the lower starch content requires that the fat in the recipe be decreased by 10% to avoid a heavy result.

NEOPOLITAN SOURDOUGH PIZZA CRUST

Time: 3 hrs active time 30 mins | Difficulty: Moderate | Serves: makes 2 pizza crusts

NUTRITION INFORMATION

per serving

130 calories

5 gm. carbohydrate
2 gm. protein
1 gm. fat
1 gm. fiber
90 mg. sodium

Nutrition may vary depending on ingredients used.

INGREDIENTS

375 gm. warm water
100 gm. active sourdough starter
10 gm. salt
500 gm. flour - blend or just all-purpose or bread flour

INSTRUCTIONS

1. **Mix the dough.** Place the starter, salt, and water in a large bowl. Stir with a spatula to combine — it doesn't have to be uniformly mixed. Add the flour. Mix again until the flour is completely incorporated. Transfer to a vessel with tea towel or cloth bowl cover and let stand 30 minutes.
2. **Stretch and fold:** after 30 minutes have passed, reach into the vessel and pull the dough up and into the center. Turn the vessel quarter turns and continue this pulling 8 to 10 times. Let the dough rest for another 30 minutes; then repeat the stretching and folding. If possible, repeat this cycle twice more for a total of 4 stretch and folds.
3. **Bulk fermentation:** Cover vessel with a tea towel or **bowl cover** and set aside to rise at room temperature (70°F/21°C) for 4 to 18 hours (the time will vary depending on the time of year, the strength of your starter, and the temperature of your kitchen; see notes above) or until the dough has roughly doubled in volume. *A **straight-sided vessel** makes monitoring the bulk fermentation especially easy because it allows you to see when your dough has truly doubled.*
4. **Portion and shape:** Turn the dough out onto a work surface and shape into a rough ball, using as much flour as needed — the dough will be sticky. Using a bench scraper, divide the dough into 4 equal portions. Sprinkle portions with flour. With floured hands, roll each portion into a ball, using the pinkie-edges of your hands to pinch the dough underneath each ball. Transfer each round of dough to a plastic quart container, cover, and store in fridge for at least 6 hours or up to 3 days
5. **Make the pizzas:** Pull out a round (or more) of dough from the fridge one hour before you plan on baking. Dust dough with flour and place on a floured work surface. Let sit untouched for about an hour (a little longer or shorter is fine). Place a Baking Steel or pizza stone in the top third of your oven. Set oven to 550°F. Heat oven for at least 45 minutes but ideally 1 hour prior to baking.
6. **Shape the dough:** Gently shape dough into a 10-inch (roughly) round handling it as minimally as possible. Lay a sheet of parchment paper on top of a pizza peel. Transfer the dough round to the parchment-lined peel.

Top and Bake

- **To make a classic Margherita-style pizza:** Spread 2 tablespoons of tomato sauce over the surface of the dough. Top with mozzarella to taste. Sprinkle with parmesan to taste. Drizzle with olive oil. Sprinkle lightly with sea salt. Shimmy the pizza, parchment paper and all into the oven. Bake pizza until top is blistered, about 5-6 minutes.
- **To make a kale and crème fraîche pizza:** Place the kale in a small bowl, drizzle with olive oil, season with sea salt, and toss. Spoon crème fraîche over the dough leaving a 1/2-inch border or so—I use about a tablespoon per pizza. Sprinkle with minced garlic and a handful of grated Parmigiano Reggiano. Top with the kale. Shimmy the pizza, parchment paper and all into the oven. Bake pizza until top is blistered, about 5 – 6 minutes. Transfer to cutting board. Cut and serve

SPROUTED MULTIGRAIN BREAD

Time: 3 hrs active time 30 mins | Difficulty: Moderate | Serves: makes 2 loaves

INGREDIENTS

1 cup plus 2 tablespoons (234 gm.) warm water
1 tablespoon (12 gm.) active dry yeast
1/4 cup (63 gm.) honey
2 tablespoons (32 gm.) molasses
3/4 cup (250 gm.) **cooked** multi grain cereal
2 1/4 cups (300 gm.) bread flour/hi-gluten flour
2 cups (230 gm.) whole wheat flour
1/4 cup (35 gm.) vital wheat gluten flour
1 tablespoon (14 gm.) salt
3/4 cup sprouted grains such as quinoa, amaranth, barley, spelt and millet. *(or a mix of nuts & seeds of your choice; artisan baker grain blend commercially available, as well)*

Nutrition may vary depending on ingredients used.

INSTRUCTIONS

1. Preheat oven to 375F when ready to bake.
2. Pour water into large mixing bowl, stir in yeast, honey & molasses. Let sit until yeast is foamy, about 5 minutes.
3. Add cooked cereal & dry ingredients and stir until mixture forms a mass and is no longer sticky. Knead dough on a flat surface until smooth and elastic, about 5 minutes. Add the sprouted whole grains and continue to knead until combined.
4. Place dough ball in a bowl and cover with damp cloth. Let rise in a warm place for about 1-2 hours until doubled inside.
5. Punch down the dough and divide in half. Roll dough into smooth oblong shapes that fit into lightly greased bread pans, approximately 8 1/4" X 4 1/4".
6. Allow bread to rise again until dough rises 2 inches above the rim of bread pan, about 30 minutes. Bake for 40-45 minutes until a probe thermometer reads 180-200 F. Let loaves cool on a wire rack for 20 additional minutes before slicing. Slice each loaf into 16 slices.

2 teaspoons oil

INSTRUCTIONS

1. In a small bowl, combine lemon juice, capers and chicken stock. Set aside.
2. Place flour in a large bowl. Dredge chicken breast in the flour.
3. Heat a large sauté pan with oil. Sauté chicken over medium heat until chicken is cooked through and golden brown, about 3 to 5 minutes on each side, or until juices run clear when pierced with a fork.
4. Add lemon juice mixture to pan and cook until sauce begins to thicken, about 2 minutes.
5. Serve immediately.

CAULIFLOWER FRIED "RICE"

Time: 30 min | Difficulty: Moderate | Serves: makes 6 1/2 cup servings

Add whatever vegetables or proteins you like to bulk up this recipe to a full meal. Leftover cooked chicken or beef are great here, diced up. Tofu or shrimp can be cooked with the vegetables and make a satisfying one-dish dinner. Offer Asian chili paste on the side for those who like it with a kick!

INGREDIENTS

2 ½ cups riced cauliflower
1/2 cup diced shallots or onion
1/4 cup diced scallions
1/4 cup diced carrots
1/4 cup frozen peas, defrosted
3 eggs
1/2 teaspoon turmeric

with Wild Mushrooms & Chimichurri

Miraval Resorts · Cultivate · November 6, 2025

Making risotto with toasted barley instead of arborio rice delivers a nutrient-dense meal packed with dietary fiber, vitamins, and minerals. Barley has a wonderful nutty flavor that pairs perfectly with mushrooms. Choose an assortment of mushrooms or focus on just one, such as autumn's lovely chanterelles.

INGREDIENTS

- 1 1/2 cups organic barley
- 1 tablespoon extra-virgin olive oil
- 1/2 cup finely chopped yellow onion
- 1 teaspoon minced fresh garlic
- 3 cups seasonal assorted mushrooms (shiitake, oyster, portobello, chanterelles, etc.), bite-size pieces
- 1 bay leaf
- 6 to 7 cups Vegetable Stock or store-bought vegetable broth, at room temperature
- 2 teaspoons chopped fresh oregano
- 1 teaspoon chopped fresh thyme
- 1 teaspoon fine sea salt
- 1/4 teaspoon freshly ground black pepper
- 1 tablespoon shredded Parmesan cheese (optional)

Chimichurri

- 1 cup packed fresh cilantro leaves
- 1 cup packed fresh flatleaf parsley leaves
- 3 garlic cloves
- 2 tablespoons red wine vinegar
- Juice of 1/2 lime
- 1 1/4 teaspoons fine sea salt
- 1/2 teaspoon red pepper flakes
- 3/4 cup extra-virgin olive oil

DIRECTIONS

Place the barley in a dry medium sauté pan set over medium heat. Toast the barley, stirring and shaking the pan, until the barley is golden brown and fragrant like roasted nuts, about 3 to 5 minutes. Transfer the barley to a plate and set aside.

In a large saucepan or Dutch oven set over medium heat, warm the oil and swirl to coat the bottom of the pan. Add the onions and garlic. Sauté until the onions have softened, about 2 minutes. Add the mushrooms and cook for an additional minute. Stir in the toasted barley and the bay leaf. Stir in 1/2 cup of the vegetable stock and reduce the heat to a simmer. When the barley has absorbed almost all of the liquid, add another 1/2 cup. Continue adding stock and stirring, waiting to add more liquid until the liquid is absorbed. It will take about 40 to 50 minutes until the barley is tender. Once tender, stir in the oregano, thyme, salt, pepper, and Parmesan cheese if using. Remove the bay leaf. Divide among warmed pasta bowls, add 2 tablespoons of chimichurri, and serve immediately.

For the Chimichurri:

In the container of a high-speed blender, combine the cilantro, parsley, garlic, vinegar, lime juice, salt, and red pepper flakes. Slowly drizzle in the oil and blend on high speed until the sauce is emulsified. Transfer to a covered container and refrigerate until ready to use. The chimichurri will keep refrigerated for up to 3 days.

Harvest Moon Orange Cake

with Coconut Chantilly

Miraval Resorts · Cultivate · July 7, 2025

These dairy-free orange cakes are a refreshing and lovely finish to a meal. They are fanciful yet easy to make and can be made and frozen in advance—a perfect dinner party dessert. At Miraval Berkshires, they are baked in semi-sphere silicone molds. This is one of the most guest-requested desserts—even when it's not on the menu.

INGREDIENTS

Cake Batter

- Cold-pressed avocado oil cooking spray
- 1 organic orange
- 1 1/4 cups unbleached all-purpose flour
- 1 1/2 teaspoons baking powder
- 1/4 teaspoon baking soda
- 1/2 teaspoon fine sea salt
- 1/2 cup vegan butter, at room temperature
- 3/4 cup organic cane sugar
- 2 medium eggs, at room temperature

Soaking Syrup

- 1 cup confectioners' sugar
- 1/4 cup + 1 tablespoon fresh orange juice

Coconut Chantilly

- 1 can (guar free) coconut cream or coconut whipping cream, chilled overnight
- 3 tablespoons confectioners' sugar
- 1 teaspoon vanilla bean paste
- 3 oranges, cut supreme for garnish

DIRECTIONS

Arrange a rack in the center of the oven and heat the oven to 350°F. Lightly coat a standard 12-cup muffin pan with avocado oil cooking spray. Set aside.

Thoroughly wash and dry the orange, then trim off the stem end. Using the whole orange including the peel, cut into 8 chunks. Purée in a mini-chop or food processor until as smooth as possible.

In a medium bowl, sift together the flour, baking powder, baking soda, and salt. In the bowl of a stand mixer, cream the butter and sugar until light and creamy. Add the eggs one at a time, scraping the sides of the bowl after each addition. Add the puréed orange and mix well. Add half of the flour mixture and beat on low speed just until the flour disappears. Mix in the rest of the flour, scraping down the sides and bottom of the bowl once.

Divide the batter among the muffin cups, filling each about 3/4 full. Bake until puffed and golden and a toothpick inserted in the center comes out clean, about 25 minutes. Cool for 10 minutes and then unmold the cakes while still warm, setting them bottom-side up on a wire rack.

For the Soaking Syrup:

Stir together the confectioners' sugar and orange juice until all the sugar is dissolved. Spoon evenly over each cake, allowing it to run down the sides. At this point the cakes can be frozen for up to 3 weeks. Thaw before serving.

For the Coconut Chantilly:

Combine the well-chilled coconut cream, confectioners' sugar, and vanilla bean paste in a stand mixer fitted with the whip attachment. Whip on high until thickened. Cover and chill until ready to use. To serve, place one cake on a dessert plate, spoon a dollop of Coconut Chantilly on the side and garnish with orange segments.

Nutrition: Makes 12 cakes

Note: To supreme an orange, cut a slice from the top and bottom to reveal the flesh. Stand upright and slice away the peel in wide strips, then use a paring knife to slice along the inside of the membranes to remove the fruit as wedges.

Butternut Squash Soup

From Miraval Berkshires

Miraval Resorts · Cultivate · October 17, 2024

The chefs at Miraval Berkshires channel the warmth and essence of autumn with the added flavor of fresh ginger root, the bright undertone of apple cider vinegar, and the creaminess of coconut milk. Double the recipe for a bigger batch of soup to have on hand.

INGREDIENTS

- 2 teaspoons extra-virgin olive oil
- 1 cup finely chopped yellow onion
- 2 tablespoons minced fresh ginger
- 1/4 cup apple cider vinegar
- 4 cups peeled and seeded butternut squash, cut into 1-inch chunks
- 2 crisp apples, cored and cut into 1-inch chunks
- 3 cups Vegetable Stock or store-bought vegetable broth
- 1 1/2 teaspoons fine sea salt
- 1/4 teaspoon freshly ground black pepper
- 1/2 cup canned coconut milk
- Roasted pumpkin seeds, for garnish
- 1 crisp apple, peeled, cored, and diced, for garnish
- 2 tablespoons snipped fresh chives, for garnish

DIRECTIONS

In a soup pot or Dutch oven set over medium-low heat, warm the oil. Add the onions and sauté, stirring frequently, until soft but not brown, about 5 minutes. Reduce the heat to medium-low and add the ginger. Sauté until fragrant and tender, about 2 minutes longer. Add the vinegar and stir to deglaze the pan.

Add the butternut squash, apple chunks, and vegetable stock. Bring to a boil over medium-high heat, then reduce the heat and simmer, covered, until the squash is very soft, about 20 minutes. Remove from the heat and add the salt, pepper, and coconut milk. Let cool for 10 minutes. Purée using an immersion blender, or in batches in a high-speed blender.

To serve, ladle the soup into warmed soup bowls and garnish each with roasted pumpkin seeds, or diced apples and a teaspoon of snipped fresh chives. The soup can be made up to 4 days in advance.

Hudson Valley Duck Breast

with Sweet Potato Purée

Miraval Resorts · Cultivate · September 24, 2024

Serving the duck with a purée of sweet potatoes, a warmly spiced cranberry sauce, and a trio of bitter greens highlights the splendors of autumn's bounty. This main dish is a simplified version of a classic served at Miraval Berkshires' 1894 Restaurant.

INGREDIENTS

For the Duck

- 6 (4-ounce) duck breasts, trimmed of all fat and sinew
- 1 1/2 tablespoons coarse sea salt
- 1/4 teaspoon celery salt
- 1/4 teaspoon coarsely ground black pepper
- 1/8 teaspoon ground nutmeg
- 1/8 teaspoon ground ginger
- 1/8 teaspoon garam masala
- 1/2 cup warm water
- 1 tablespoon honey
- 1 tablespoon white vinegar

Cranberry Agrodolce

- 8 ounces fresh cranberries, picked over
- 1/2 cup red wine vinegar
- 1 cup honey
- 1/2 cup sherry vinegar
- 2 whole cloves
- 1 bay leaf
- 1/2 cinnamon stick

Sweet Potato Purée

- 1 pound Garnet or Jewel sweet potatoes, scrubbed
- 4 sprigs fresh thyme
- Extra-virgin olive oil
- 1 to 2 tablespoons real maple syrup
- Fine sea salt

For the Greens

- 2 tablespoons expeller pressed grapeseed oil
- 1 tablespoon minced shallot
- 1 garlic clove, minced
- 3/4 cup dry white wine
- 1 tablespoon grass-fed unsalted butter
- 4 cups mixed radicchio, chicories, and frisée (sliced)
- Fine sea salt

DIRECTIONS

Dry-Brine the Duck:

Prick the duck skin all over with the tip of a paring knife without piercing the meat. In a small bowl, stir together the salt, celery salt, pepper, nutmeg, ginger, and garam masala. Mix together the water, honey, and vinegar. Dip each duck breast in the honey mixture and place on a wire rack, skin-side up. Lightly season the skin side with the salt mixture. Place in the refrigerator, uncovered, for 4 to 6 hours. (This step can be done one day in advance.)

Cranberry Sauce:

In a medium saucepan set over medium heat, combine the cranberries, red wine vinegar, honey, sherry vinegar, cloves, bay leaf, and cinnamon stick. Bring to a simmer and cook, stirring occasionally, until reduced to a light syrup consistency, about 15 minutes. Cool, remove the spices, and purée in a high-speed blender. The sauce can be made up to 5 days in advance.

Sweet Potato Purée:

Heat the oven to 350°F. Prick the skin of each sweet potato with a fork. Place each potato on a sheet of aluminum foil along with a sprig of thyme and wrap closed. Roast until very soft when pierced with a knife, about 1 hour. Scoop the flesh into a food processor, purée until smooth adding olive oil as needed. Add maple syrup to taste and season with salt. (Can be made up to 2 days in advance.)

Sear the Duck:

Heat the oven to 425°F. Add the duck breasts skin-side down to a large cold ovenproof skillet. Place over medium heat. Cook until the skin is browned and releases from the pan, about 5 minutes. Flip and sear 2 minutes longer. Transfer the skillet to the oven and roast until nearly medium-rare, about 3 minutes. Let rest for at least 5 minutes before slicing.

To Serve:

Spoon 1/2 cup of sweet potato purée on the base of each warmed dinner plate. Arrange grilled radicchio and chicories over top. Slice each duck breast crosswise into 3 pieces and arrange over the greens. Drizzle 2 tablespoons of the cranberry agrodolce around the plate and spoon the jus over top the duck breasts.

King Trumpet Mushroom Tartine

with Goat Cheese

Miraval Resorts · Cultivate · August 14, 2024

The King Trumpet mushroom, also called King Oyster mushroom, has a wonderful meaty texture and complex umami flavor. Unlike some mushrooms, the stems of these mushrooms are tender and tasty. Cutting them in half and searing them in olive oil brings out all their goodness.

INGREDIENTS

Vegan Mushroom Gravy

- 1/4 cup extra-virgin olive oil
- 1/3 cup chopped yellow onion
- 1 garlic clove, finely chopped
- 1/4 pound cremini mushrooms, wiped clean, thinly sliced
- 1 sprig fresh thyme
- 3 cups plus 1 tablespoon Vegetable Stock or store-bought vegetable broth
- 1 teaspoon tapioca flour or starch
- Fine sea salt and freshly ground black pepper

Tartine

- 6 large King Trumpet mushrooms (about 1 pound)
- Fine sea salt
- 1/2 cup extra-virgin olive oil
- 6 slices (about 1 ounce each) whole-wheat sourdough bread
- 3/4 cup soft goat cheese
- 6 sprigs fresh thyme for garnish
- 1/3 cup Pickled Onions
- Zest of 1 lemon

DIRECTIONS

Mushroom Gravy:

In a medium saucepan over medium-high heat, warm the oil. Add the onions and garlic and sauté until soft and just beginning to turn golden, about 3 minutes. Add the mushrooms and sauté until beautifully brown and beginning to caramelize, about 6 minutes. Add the sprig of thyme and 3 cups of vegetable stock and bring to a boil. Reduce heat and simmer until liquid is reduced by half, about 10 minutes. Discard the thyme, cool for 10 minutes, then purée in a high-speed blender until smooth. Return to the saucepan over medium heat, bring to a simmer. Stir together the tapioca flour and 1 tablespoon of vegetable stock to make a slurry, then whisk into the gravy and simmer 2 minutes until thickened. Season with salt and pepper.

Tartine:

Slice each King Trumpet mushroom in half lengthwise. Using a paring knife, cut a cross hatch design into the inside of each mushroom half. Rub some salt into each cross-hatched marking. In a large sauté pan over medium heat, warm 1/4 cup of olive oil. Add the mushrooms cut-side down and cook until golden brown, about 4 minutes.

In a second large sauté pan, heat the remaining 1/4 cup of oil over medium-high heat. Toast the bread on one side until golden brown. Spread the toasted side of each piece with 2 tablespoons of goat cheese. Place 2 halves of the trumpet mushrooms flat-side up on top of the goat cheese. Spoon 1/4 cup of the Mushroom Gravy over each tartine. Garnish with a sprig of fresh thyme, pickled onions, and fresh lemon zest.

Chilled Corn Soup

A Summer Refresher

Miraval Resorts · Cultivate · July 22, 2024

Make this summery chilled soup when fresh corn is in season. It's quick to make and deliciously refreshing.

INGREDIENTS

- 4 1/2 cups fresh corn kernels
- 2 cups Vegetable Stock or store-bought vegetable broth
- 1 cup organic cultured lowfat buttermilk
- 1 teaspoon fine sea salt
- Microgreens or cilantro leaves for garnish

DIRECTIONS

Place half of the corn in a large dry skillet over medium-high heat. Toast the corn, stirring constantly, until golden in spots, 4 to 5 minutes. Transfer to a bowl. Repeat with the remaining corn. Set aside 1/2 cup of the toasted corn for garnish.

In the container of a high-speed blender, combine the corn and vegetable stock. Blend until smooth. Transfer to a covered container and gently stir in the buttermilk and salt. Refrigerate until cold, at least 1 hour. The soup can be made up to 2 days in advance.

Serve in small soup bowls, garnishing each with the reserved toasted corn and either microgreens or cilantro leaves.

Gochujang Roasted Heirloom Carrots

From Miraval Arizona

Miraval Resorts · Cultivate · June 25, 2024

Gochujang paste, a spicy, savory, and sweet fermented condiment, is adaptable outside its traditional Korean cooking uses. For this recipe, the chefs at Miraval Arizona pair it with high-heat–roasted carrots. Look for small, heirloom carrots with their bushy green tops still attached.

INGREDIENTS

Gochujang Sauce

- 1/3 cup gochujang paste
- 2 1/2 tablespoons expeller pressed grapeseed oil
- 1 tablespoon honey
- 1/4 teaspoon fine sea salt
- 1/4 teaspoon freshly ground black pepper

Roasted Carrots

- 1 1/2 pounds heirloom baby carrots, tops trimmed, scrubbed (not peeled), and cut in half lengthwise
- 1 tablespoon expeller pressed grapeseed oil
- Fine sea salt
- Freshly ground black pepper

DIRECTIONS

Arrange a rack in the upper third of the oven and heat the oven to 425°F.

Gochujang Sauce:

In a small bowl or measuring cup, whisk together the gochujang paste, grapeseed oil, honey, salt, and pepper. Salt to taste and set aside.

Roasting the Carrots:

On a rimmed sheet pan, toss the carrots with the grapeseed oil and season with salt and pepper. Spread out the carrots and roast until the tip of a sharp knife easily pierces the center, about 10 to 12 minutes, depending on the size of the carrots.

To Serve:

Drizzle the Gochujang Sauce over the carrots and use tongs to toss the carrots, coating them completely. Transfer to a warmed serving platter and serve immediately.
